3. In order to minimize the likelihood of incidental take associated with uncertainty and risk regarding long-term Project effects, the Corps shall implement a monitoring program with the following elements:
 - i In the event the Project will use ocean disposal at the Deep Water Site (see Section 3.2.8 of the 2001 BA), the management plan for this disposal site will be coordinated with NMFS.
 - i. NMFS will be notified of and invited to all Ocean Dredged Material Disposal Site Taskforce meetings.
 - ii.
-

Action Plan: It is not envisioned that the project will use ocean disposal for either the construction or maintenance dredging. Nevertheless NOAA Fisheries and the U.S. Fish and Wildlife Service has been involved with a task force and will be involved with the development and implementation of the management plan for the ocean disposal sites.

Schedule: Ongoing.
